Creator, the World's Greatest Band-
master. To Perform Twice Daily—
Something Doing Every
Minute.

Many persons are now counting the days which must elapse before the opening of the Greater Louisville Exposition, March 18. The manufacturers and other business men of Louisville have been steadily engaged on the big enterprise since November 21, last, and they now see the fruition of their hopes in the exhibits which are being installed in the big Exposition Building.

The work of construction, which on paper made a most excellent impression, is in its final completion. It is said, far more beautiful than anything the designers had expected. The construction of exhibit booths cost the Exposition Company a great sum of money, but the result is said to more than justify the expenditure.

The rates to Louisville, which go into effect on Monday, March 18, on all railroads, will be one fare for the round trip. With Monday, March 18, as the first selling date, the rates on Thursday, 21, Saturday, 23, Sunday, 24, Tuesday, 26, and Saturday, 30, all good returning April 1.

These rates have not been beaten by any other ever announced for any exhibition in the history of the country, and it is said that the interest offered by the Greater Louisville Exposition justifies the rate to the last degree.

Not alone do the railroads offer these excellent inducements, but all steamboat lines making Louisville have offered similar inducements. The Louisville & Evansville Packet Company and the Lee Line offer a rate of one and one-third fare for the round trip, including meals and berth, while the Louisville & Cincinnati Packet

astonish all visitors when they enter its doors.

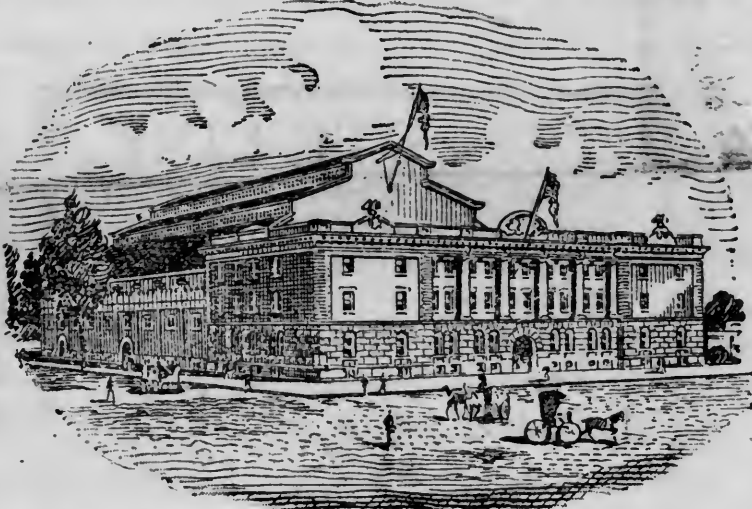

Visitors to the exposition will be greeted by strains of sweetest music, produced by the famous band of the great Creator, who will give two performances daily throughout the fortnight of the exposition, March 18 to 30.

The same Creator is a man of tremendous personality, rich in everything which goes to make up a really great musician. A Neapolitan by birth, but an American by naturalization, he has played before the crowned heads of Europe as well as before those uncrowned kings—the musical critics of the New York press. Nowhere has he failed to receive the highest praise and he has repeatedly declared that the musical taste of the people of Kentucky is, as an average, the most accurate in recognizing true musical worth that he has ever seen. That the great master has not been overestimated in Louisville and in the rest of the United States, is attested by the following paragraph from the London Daily Tribune:

"The band certainly deserves the high praise it has received in America. The musical qualities of the tone and style are great, and although Signor Creator walks about the platform and conducts by means of gestures which might be called sensational, there is no 'trickery' about his interpretation of the music. The instruments have that clear, rather shrill tone which the Italians prefer. The cornet, the principal clarinet, the trombone, for instance, are all remarkably as virtuosos. The ensemble is as fine as possible, and the clean phrasing, especially in forte passages, goes beyond anything we have heard from other bands. From every point of view this is a finer band than that of Sousa, and there is much in its work which should attract musicians as well as the untrained."

When it is considered that the work of this great music master may be observed without extra charge and the admission price is only twenty-five cents, the fact will be readily recognized that Louisville is putting forth every effort possible to give immense value for the money which will be received at the exposition gate.

For those who prefer music and laughter in the evening and outdoor entertainments during the morning and afternoon, there is the excellent choice of visiting Louisville's outdoor attractions in the morning and seeing

The First Regiment Armory, the Greater Louisville Exposition Building which was recently erected at a cost of more than \$300,000.

Company offer one fare for the round trip, exclusive of meals and berth.

Thus, all Kentuckians may travel cheaply and comfortably to Louisville during the exposition period, with sufficient stop-over privilege to allow them to enjoy the exposition in every detail and transact such business as they may have in Kentucky's metropolis before the expiration of their tickets.

Such zeal is being shown by the exhibitors in the matter of getting installed before the opening of March 18 that the Board of Directors of the Greater Louisville Exposition have announced that they are now in position to accurately gauge the appearance of the great hall when President Roosevelt touches the button and the wheels of the exposition are finally set in motion. Decorated with rainbow tints, natural and artificial foliage and flowers, the exposition hall is, in truth, a dream of beauty. Even teeming with busy activities and resounding with the blows of many hammers and the grating of saws as it is at present, it is said by all who know that the exposition far surpasses any previous efforts made by Louisville to take her important place among the great cities of the nation.

Kentucky and all Kentuckians may

well be proud of Louisville, for she has, under the stress of many difficulties, made an exposition which will

her excellent baseball team in action in the afternoon. From March 22, inclusive, there will be games baseball between the Louisville team and some of the strongest teams of the National and American Leagues.

Low railroad rates. Greater Louisville Exposition, Creatore, baseball! what more could be needed to induce one to take a pleasant little trip to the metropolis of the State, there to receive the welcome of her people and these most gratifying conditions. The business men of Louisville stand with outstretched hands, awaiting the visitor from elsewhere, and the Exposition Building will be the meeting place for many an old friend to meet other friends and for kindred spirits to come together for the first time. In fact there is no limit to the joy and profit which will be derived by a few days' visit to Louisville during the period of the Greater Louisville Exposition March 18 to 30.

EXPOSITION NEWS NOTES.

Other Matters of Interest Lightly Touched in Passing.

The hotelkeepers in Louisville have announced to the state in particular and to the South in general that there will be no advance in charges during the exposition period. The forbearance of these public entertainers has been noticeable in the past, and it will likely redound greatly to their profit in the near future.

The Government exhibits which will be shown in the exposition are now being packed in Washington, and everything is being made ready to furnish the Greater Louisville Exposition with everything it has asked for.

The great Creator has recently filed naturalization papers in Philadelphia, thereby showing his feeling for this great country. Sig. Creatore has frequently attested his love for Kentucky and Kentuckians and his joy in being privileged to play before them.

Louisville's business section will be bravely illuminated every night during the Greater Louisville Exposition. Those who have visited Louisville on gala occasions will remember with pleasure the beautiful results which are always obtained by concerted effort on the part of Louisville's business men.

The President has sent a telegram appealing to the Legislature of California to stop all Japanese legislation.

If Young men wish to succeed in business, they must not spend their time and money in simply having a good time. They must not be discontented with the little place in which they are because they think they are too big for it. The way to get into a large place is to outgrow the one you are in, grow until it is so small that it will not hold you any longer. A man who sits shrink up and worthless in a little place, because he thinks it is not worth while to grow enough to fill that, has little prospect of getting into larger ones. Fill the place that you are in. Fit yourself for higher usefulness. To do that you must do something besides play, tho that may be innocent in itself.

THE American importation of precious stones continues to increase. In 1906 it was \$34,998,513 as compared with \$26,086,813 in 1905, an increase of nearly \$9,000,000. This included \$10,281,111 worth of uncut diamond dust, \$6,805 worth of glazier's diamonds and \$20,375,304 worth cut, but un-set diamonds.

EULOGIZES THE DOG.

Jury Awards Plaintiff \$500.00
When Only \$200 is Asked.

Senator Vest had been retained as the attorney of a man whose dog had been wantonly shot by a neighbor. It is said the plaintiff demanded \$200. When Vest finished speaking the jury awarded \$500 without leaving their seats. The speech, in full is as follows:

"Gentlemen of the Jury—The best friend a man has in this world may turn against him and become his enemy. His son or daughter that he has reared with tender care may prove ungrateful. Those who are nearest and dearest to us, those whom we trust with our happiness and our good name, may become traitors to their faith. The money that a man has he may lose. It flies away from him, perhaps, when he needs it most. A man's reputation may be sacrificed in a moment of ill-considered action. The people who are prone to fall on their knees to do us honor when success is with us may be the first to throw the stone of malice when failure settles its cloud upon our heads. The one absolutely unselfish friend that man can have in this selfish world, the one that never deserts him, the one that never proves ungrateful or treacherous, is his dog. Gentlemen of the jury a man's dog stands by him in prosperity and in poverty, in health and in sickness. He will sleep on the cold ground, where the wintry winds blow and the snow drives fiercely, if only he may be near his master's side. He will kiss the hand that has no food to offer, he will lick the wounds and sores that come in encounter with the roughness of the world. He guards the sleep of his pauper master as if he were a prince. When all other friends desert he remains. When riches take wings and reputation falls to pieces he is as constant in his love as the sun in its journey through the heavens. If fortune drives the master forth

an out cast in the world; friendless and homeless, the faithful dog asks no higher privilege than that of accompanying him to guard against his enemies, and when the last scene of all comes, and death takes the master in its embrace and his body is laid away in the cold ground, no matter if all other friends pursue their way, there by graveside will the noble dog be found, his head between his paws, his eyes sad, but open in alert watchfulness, faithful and true even to death."

He was a bright and noble child eleven years of age. He leaves a heart-broken mother, two sisters and an aged grandfather to mourn their loss. The remains were interred Friday afternoon in the Providence cemetery to await the summons of the last great day, for Jesus said: "Suffer little children to come unto me and forbid them not, for of such is the kingdom of heaven."

Some people say that it will frost in May on the corresponding dates that it thunders in February. So lets watch the 26 and 28, of May. I think Cinda gathered in about 31 eggs one day last week and she only has 28 hens; but the old blue goose and the two Pekin ducks layed the same day. Our shock fodder is getting very scarce and rotten, yet we'll cuss old pidge because there isn't as much butter on the table as there was in the summer. A great deal of money will go out of this neighborhood again this Spring for commercial fertilizer. I will agree that the commercial fertilizer is all O. K., but it might pay us a great deal better if we knew what kind and how much to use on different lands and different crops; so you see if we had our different soils analyzed we could speedily have our needs supplied and maybe save a great deal of money. Some will tell you to sow your grass seed when there is snow on the ground; some when the ground is frozen; while others will say to sow when the ground is dry. But I'll tell you to sow just any time you please and then you won't have anybody to grumble at.

THIS IS WORTH REMEMBERING.

Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Do not risk your health by taking any but the genuine. It is in a yellow package. Chas. C. Davis, druggist.

Those who are seventy years old are entitled to \$15 a month and at seventy-five years or over to \$20 a month.

PRINT ALL THIS LETTER:—Is the post script added to correspondence which we some times receive. We appreciate every bit of news we receive, but there are some things we get which we do not consider news and not worthy of space in the paper and hence the waste basket is the only proper place, for many things offered the newspaper man for publication. Good, live, up-to-date news is what we want and what the people want to read, and not some stale joke that might be making the rounds. What sometimes sounds well in conversation looks mighty bad in print.

DEAD:—Mrs. Rhoda Bowman, aged 87, died Saturday at 5 o'clock p. m. at the home of her son, Mr. I. A. Bowman. For eleven years she has been an invalid, confined to her bed most all the time, but a short time since, she took a deep seat of cold, followed by the grip, which was too great a strain on her weakened condition. Ever since the death of her husband several years ago, she had made her home with her only son, Mr. I. A. Bowman, one of our most substantial farmers and stock dealers, who moved to the old Dr. Joplin property near this place five years ago, from Jackson county. It was the desire of the family to take the remains back to the old home for burial, but on account of high water, it was impossible to do so, and the remains were laid to rest Sunday in the Lair burying grounds.

DIED:—In Louisville, on Sunday March 1st 1907, at the residence of her son-in-law, G. W. Roberts, Mrs. Lucie Newcomb Myers, aged 85. The remains were brought to Mt. Vernon Monday and laid to rest in the Langford division of Elmwood cemetery, by the side of her first husband, Jonathan Newcomb, who died in 1862. Her second husband Capt. Richard L. Myers, passed over many years ago. "Aunt Lucy" was a sister of Peaslee and Rev. James Chesnut. Three of her children are living. Mrs. G. W. Roberts, Louisville, Mrs. Dr. S. W. Brown, Commerce, Texas, (now under treatment in hospital at Houston) and James Guthrie Newcomb located somewhere in Oklahoma.

Ready trimmed hats in all the latest styles at J. T. Adams' 1-8-3t.

Walking has been good in the city of Louisville since 5 o'clock Sunday morning, at which time all the street car employees went out on a strike. The business men of the city are making a strong effort to get matters adjusted between the street car company and employees, as the stopping of the cars has almost paralyzed business. If the strike is not settled before the opening of the Greater Louisville Exposition, which is next Monday it will greatly injure the success of the exposition, but hope is entertained that all matters will be settled by the last of this week and the cars again running.

Capt. G. W. Roberts night station master 10th Street Union Station came out Monday with remains of Mrs. Lucy Newcomb Myers. This is about the third visit he has made to Mt. Vernon in the past thirty years. Capt. Roberts was a veteran in the Civil war, and like many others, at the end of the strife found himself almost penniless. The L. & N. R. R. built through this country and Captain Roberts took service as brakeman on a freight train. By his fidelity to duty he was advanced to conductor on passenger trains and other positions of trust. For past twenty years he has held his present position at 10th and Broadway.

To whom it may concern: This is to certify that a report to the effect that I have sued Mr. G. T. Johnson for \$4000.00 damage is a falsehood of the most corrupt foundation and further more I did not know anything about such reports, until about 10 o'clock to-day and that I had never thought of such things.

I have no claim at all against Mr. Johnson for he does not owe me anything and never did me any damage. So the parties that started any such did Mr. Johnson an injustice. Resp't Mch. 12 '07 C. J. SHIPP.

On our criticism of others, let us remember that we have faults which others have to excuse. How much would be left of us if all those who see inconsistencies in us should clip away from our character and reputation? It is an invariable rule that those make the roughest work with the names of others are those who have themselves the most imperfections. The larger the beam in your own eye, the more anxious you are about the mote in somebody else's eye. In stead of going about town slashing this man's bad temper and the other man's falsity, and this woman's hypocrisy and that one's indiscretion, go home with the ten commandments as a monitor and make out a list of your own derelictions.

Some of our enterprising citizens are taking steps to have stock sales on each and every court day. This is something that we certainly need and we trust our farmers and especially the stock dealers will join in this effort.

DELIVERY:—It has been suggested by some of the merchants, that all the merchants in town unite and make arrangements with Mr. Fuqua, the livery man to make two deliveries a day, one about 10 o'clock in the morning, the other about 4 o'clock in the afternoon of all purchased made by customers within the corporated limits. By such arrangements it would cost the merchants but very little and save the customers quite a good deal besides the worry and annoyance of having to run around, and hunt up the delivery wagon, and then pay 10 cts. to get a sack of ship-stuff or sack of flour carried to their home. We believe the merchants owe this much to their customers, to deliver their purchases, when under such arrangements as this, it can be done at such a small cost to the merchants and with so much convenience to the customers. There is not another town in the state, the size of Mt. Vernon where the goods are not delivered and there is no reason why it should not be here, except for the reason that the people have not demanded it.

RESOLUTIONS OF RESPECT.

WHEREAS, It has pleased the Almighty God the Supreme Ruler of the Universe, to call from our midst our beloved companion Oliver M. Wallen who went to Seneca, Tex. several months ago to seek the restoration of his health and died there on Jan 19th 1907.

Whereas, This Chapter in common with all Companion Royal Arch Masons, feels the bereavement which has fallen on the fraternity, therefore:

Resolved, That we do not question the wisdom or goodness of Divine Providence, but bow in humble submission to Almighty God.

Resolved, That we extend to the bereaved family and friends the profoundest sympathy of the members of this chapter with which be so long fellowshiped, and we

pray the Divine blessings ever to rest upon them; and

Resolved, That a copy of these resolutions be spread upon the records of this Chapter a copy sent to the family of the deceased, a copy furnished the Mt. Vernon Signal. Fraternally Submitted

A special from London dated the 13th says:

Harvey Rowe, a four-year-old boy, shot and killed Mrs. Bettie Griffin with a 45 caliber revolver at the home of the child, at Altamont, this county, to-day. No one save the young woman and the little boy were present, and it is not definitely known whether the shooting was intentionally or not. The child says it was an accident. Mrs. Griffin, who lived some hours after she was shot, told before she died that the little boy loaded the revolver and said he was going out in the yard to shoot a chicken, and that when she protested against this he turned on her saying "Lookout" and fired. The ball passed through the right leg just above the knee and the woman died from loss of blood. The dall, after passing through her leg, struck

the old house dog, killing him instantly. The boy is a son of William Rowe, who is a coal miner. Mr. Rowe's wife died some weeks ago, and the Griffin woman, who lived in Rockcastle county, had come to keep house for the family.

HOW TO REMAIN YOUNG.

To continue young in health and strength, do as Mrs. N. E. Rowan, McDonough, Ga., did. She says: Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all drugstores. Price 50c.

A dispatch from Louisville says: "Friends of former Governor W. O. Bradley now admit freely that he will be a candidate for the Republican caucus nomination for United States Senator before the next General Assembly.

Girlhood and Scott's Emulsion are linked together.

The girl who takes Scott's Emulsion has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, Scott's Emulsion provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

"In 1897 I had a stomach disease. Some physicians said Dyspepsia, some consumption. One said I would not live until spring. For four years I existed on boiled milk, soda biscuits, and doctors' prescription. I could not digest anything I ate; then I picked up one of your Almanacs and it happened to be my life-saver. I bought a fifty-cent bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy. In two months I went back to my work, as machinist, and in three months I was well and hearty. May you live long and prosper."—C. N. Cornell Rodin, Ga., 1906. The above is only a sample of the great good that is daily done everywhere by Kodol For Dyspepsia. It is sold here by Chas. C. Davis.

Judge William Carnes left Lexington Monday accompanied by soldiers, to preside at the trial of James Hargis, at Jackson, but it is probable that a change of venue will be granted, as the witnesses have not been summoned and the case is not ready for a hearing. It has been suggested that the case be sent to Frankfort and it is possible that Judge Carnes will order the hearing there.

Seldom Wear Out

Dr. Miles' Anti-Pain Pills relieve pain—not only once, but as many times as it is necessary to take them. Many persons who suffer from chronic ailments find in them a source of great relief from the suffering which they would otherwise be compelled to endure. Their soothing influence upon the nerves strengthen rather than weaken them. For this reason they seldom lose their effectiveness.

"I am 62 years old and have suffered for 42 years from nervous troubles, rheumatism and neuralgia, palpitation of the heart, shortness of breath, sleeplessness, and pain around the heart. The Dr. Miles' Anti-Pain Pills have been a blessing to me. I don't know what I should do without them, and they are the only remedy I have ever used that either did not wear out in less time than I have been using them, or else the injurious results were such that I would be obliged to cease their use."

MRS. S. C. ROBINSON, 27 Carter St., Chattanooga, Tenn. Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.
